

# *LESTER HOUSE LLP*

*25<sup>th</sup> March 2011*

*BRICKTEC*

*After having workmen on site for a number of weeks, on completion we found there to be a large amount of gum walked into our newly laid block car park and building entrance.*

*Bricktec was our first point of call, they had a member of their cleaning team on site within the hour to assess the problem and offer a solution.*

*During the cleaning process we found the team to be very motivated and hard working. On completion the area was left clean safe and debris free.*

*Bricktec are now on our contractors list and are also used by our staff for domestic properties.*

*We would like to commend your company on a job well done and we are appreciative of your professionalism, honesty and fair pricing.*

*For and on behalf of
