

Canvas Prints

Using High quality 340gsm canvas and the very latest 12 colour printing technology, our canvas printing service is second to none, the canvas is UV laminated to protect the preserve and is stretched over our custom made tulipwood frames (A sustainable hardwood) Finished with taped backs and hanging brackets, you can choose to have your image wrapped around the sides of the canvas, or have a white border around the sides. There are 2 products to choose from, Standard or Gallery. Standard canvases are stretched over a fixed 25x45mm deep frame, where as the gallery canvases are stretched on a 45x45mm frame, with mitred corners and wedges to allow for re-tightening if required
